

# HAVE YOU SEEN

## GOD ?

*If Someone asks me, Have you seen God?*

*I will proudly tell that I've seen. Isn't that lucky?*

*Believe me they are the Most beautiful persons I've ever seen in my Life. You may have an enormous number of Problems in your life, But once if you see the grin on their face, each and every trouble you are facing will just Evaporate, That's the beauty of the God which I see.*

*When you ask something to God, and if they bless you with what you need. I think that's where your belief and faith constructs. So the reason why I believe so much in God is, I've received whatever I had asked for and what I deserved for.*

*I asked for a Happy life, Now I'm living it.*

*I asked for an Adorable Clothes, Now I'm wearing it.*

*I asked for a Healthy Food, Now I'm Consuming it.*

*I asked for an Education, Now I'm Enlightening it.*

*And Many More...*

*And that's how I'm blessed by my GODs...*

*And One more thing,*

*It's not only me who has seen Gods, Everyone in this World has seen Gods in the form of their "Parents".*

*Yes, to me they are the Living Gods who will always be backing up me with their Support, Love and Care and who always put all their Strength and Happiness to make me a Better Person in the Society.*
